Keeping You Updated

LCC has been active to ensure we are compliant with GDPR which took effect at the end of May. We will no longer be able to mail our members with news directly as lists can only be held by LCC, may delay mail-outs.

We will try to post news on our website and on Twitter. Please take a look at these as we can't always publicise everything up to three months in advance!

Tavistock Place Disappointment

The long-awaited Planning Inspectorate report into the Tavistock Place is out.

It recommends westbound only general traffic and NO loading restrictions. This could make cycling more dangerous.

The full report is on tinyurl.com/yafxnelg

Thanks to all those who campaigned to make and keep the tracks!
