## Swiss Cottage Setback

Work to remove the hostile Swiss Cottage Gyratory has been put on hold indefinitely, following Westminster's judicial review challenge to TfL for the lack of traffic modelling.

Traffic modelling had occurred for the whole of the CS11 scheme but not for Swiss Cottage in isolation. When gyratory removal was about to start, Westminster halted this for fear of displaced traffic creating local problems.

## Spring & Summer Rides

We plan to lead rides into the Lea Valley, Bedfordshire, round parks and more over the next few months; please watch our websites!

## Healthy School Streets

Camden's third Healthy School Street launched in January. The part of Savernake Road which houses Gospel Oak Primary School is closed to motor traffic from 8.30-9.30 and 15.00-16.00 on term time weekdays, allowing children to walk or cycle in freedom. This is initially for a 12 month trial.
