Camden Re-cycling

But Above All.....
ENJOY YOURSELVES

Camden New Town Community Festival

The Camden New Town Community Festival began as a partnership of local organisations and individuals established in October 1998.

The aim is to create a festival drawing together our multi-cultural community, building partnerships, bringing enjoyment and fun culminating over a weekend in the summer. The Festival fosters many themes from Local History to Healthy Living to Green

Corner to CNTCF Fix, Make and Mend Project! Now
and later in the year

The Planning Group consists of local people, including a variety of organisations from Tenants and Residents Associations to Community Centre to Housing Associations and Co-ops to Youth Clubs and Pre-School Groups.

We are increasing the involvement of local people in the Festival resulting in many of the current programmes being developed.

If you wish to be involved and/or keep in touch with future plans, please complete the Comment Box to the Festival Office @ Maiden Lane Community Centre, 156 St Paul's Crescent, London NW1 9XZ.

All Volunteers Welcome
