Elsworthy Road Healthy School Streets - Permanent Proposals

This response to the consultation on the above proposal is from Camden Cycling Campaign, the local borough group of London Cycling Campaign. We represent the interests of cyclists living or working in Camden and aim to expand the opportunities for all to cycle safely in the borough.

In principle we support all proposals to restrict motor traffic on streets outside schools during drop-off and pick-up times, making the roads safer, improving air quality and encouraging people to walk, cycle or scoot.

We therefore support the making permanent of the current proposals for St Paul's School in Elsworthy Road as well as the pedestrian improvements on Primrose Hill Road.

Please acknowledge receipt of this response. We would be very happy to discuss any aspect of our comments; contact details are below.
