  - Geoff Stilwell      *Ride Coordinator; Community Cycling*
  - Helen Vecht      *Newsletter editor*
  - Rachel Wrangham      *Air Quality, Children*

\* *Infrastructure group (negotiate with Camden & TfL, respond to consultations, etc.)*

# What's happened in the past year?

- Holborn - Marta Krawiec and Shatha Ali
- 12 Monthly meetings (online)
- [6 Rides](#)
- Quarterly Infrastructure meetings with Camden (online, joint with London Living Streets)
- Campaigning to get support for the large number of pop-up and permanent protected cycle lanes, modal filters and permeability schemes - letters, articles, leaflets, emails, Tweets...

# Infrastructure Progress 1

## Segregated routes on main roads

### New routes

- Gray's Inn Road completed
- Haverstock Hill under construction

**24km** of segregated routes in Camden now

### *Pop-up routes all now permanent*

Prince of Wales Road, Chalk Farm Road, York Way and St Pancras Way

Gray's Inn Road

Haverstock Hill

# Infrastructure Progress 2

**Low Traffic Neighbourhoods** → **Secondary cycle routes improved**

## ***New LTNs***

Camden Square and Queen's Crescent

***Pop-up LTNs now permanent***

Arlington Road, Savernake, Hartland,  
Red Lion and others

- C50 through Camden Square
- C6 extension through Queen's Crescent and Savernake
- Kings Cross to Holborn route through Red Lion Street

Camden Square on C50

Queen's C :Grafton Road (C6 extension)

# Infrastructure Progress 3

## Healthy School Streets:

- Six new ones since last May
- Total of 24, all now permanent

## Bikehangars:

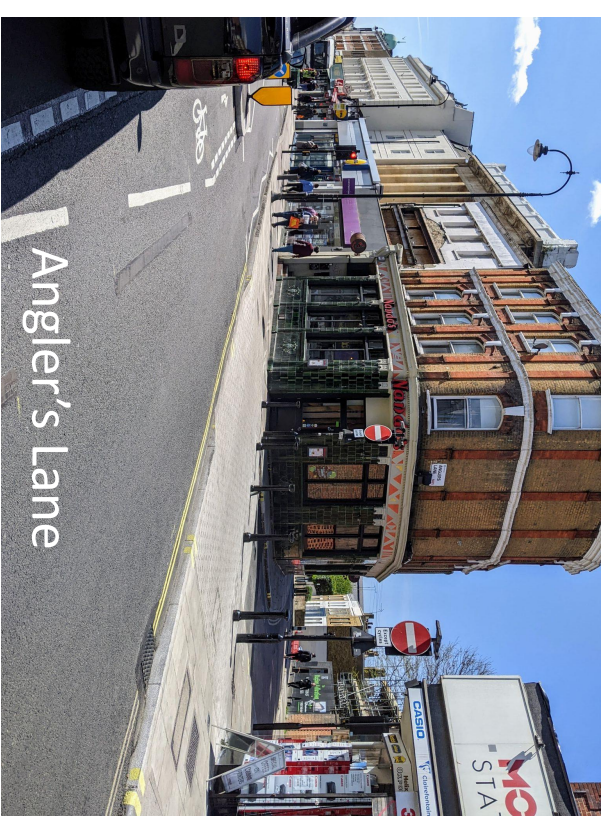

- 52 since last May; now 194 in Camden; recent ones funded via CIL

## Dockless e-bike and scooter bays:

- about 170 throughout Camden

## Tiger Crossings

- e.g. across Mansfield Road

## Permeability:

- Two-way cycling through (closed) Angler's Lane
- Four new schemes related to Healthy School Streets (Argyle and Ecole Jeanine Manuel)
- Last year's schemes all made permanent

# Climate Safe Streets Campaign

3 out of 4 party leaders committed to our Asks which were:

- Construct 5 km of new protected cycle lanes on main roads each year, to reach 44 km by 2026 and finish all the main roads for which Camden is responsible by 2030.
- Create 20 km of secondary routes by 2026, and a further 20 km by 2030, prioritising routes in the western parts of the borough.
- Construct three new substantial LTNs each year (e.g. each the size of the Arlington LTN) to reach an 80% coverage of possible neighbourhoods by 2030, with an intermediate target of 55% by 2026.
- Support the Mayor of London's Netzero 2030 'Accelerated Green' Plan (27% traffic reduction) & road user charging proposals.

# What else have we been doing?

## **Routine Tasks**

- Formal response to consultations
- Auditing of installed schemes
- Publicising the resulting improvements for cycling in Camden
- Meetings and conversations with Camden and contractors to sort out road closures, diversions etc
- Responses to Planning Applications (cycle storage, construction plans)
- Monitoring construction impact

# Agenda

## AGM

1. Introductions
2. Approve minutes of 2021 AGM
3. Matters Arising from 2021 AGM
4. Treasurer's Report
5. Coordinator's Report
